Sterilization Certificate - Qualitix® reagent reservoirs

> Socorex® certifies that the 8 and 12 channels Qualitix® reagent reservoirs, intended for use in the laboratory field, are sterilized. SAL for sterilized products is ensured by validation of the irradiation process according to the procedure below.

Sterility SAL (sterility assurance level): 10-6

Sterilization ref:

Treatment according to the requirements of ISO 9001, ISO 13485, ISO 11137 - Sterilization of Healthcare Products, and 21CFR Part 820 (FDA c GMP)

Synergy Health validation report SOP - BLI1XAe0 in order to ensure the above mentioned SAL
